

Houston Lodge Theosophical Society

Camella Gibson

My name is Camella Gibson. I have been a student of esoteric philosophy since the age of 19. I always had questions that were not answered in religious theology. However, when I was introduced to Theosophy, it was as if a great light had been turned on. The Ancient Wisdom seemed to be so far reaching and explained life's mysteries so well. I joined the Houston Lodge of the Theosophical Society in 2004 and have been privileged to serve as its secretary since then. I firmly believe that the Theosophical Society has been an important unifying force in the world since it was formed and will continue to be in the future. I am most grateful to those who put forth so much effort to bring this most inspiring teaching to humanity for the purpose of bringing enlightenment and promoting universal brotherhood. I am also thankful for those who continue to persevere, carrying on the great work for mankind.
