

Houston Lodge Theosophical Society

Triet Minh Le

Triet is the oldest among the six children within the Le family. His father, Hai Le, taught him along with his brothers and sister about Theosophy when they were still teenagers.

The very first Theosophical book that he read and helped his father to retype was "At the Feet of the Master" by Jiddu Krishnamurti, and it is still one of his favorite books onto this day.

He has been a Lifetime Member of the Theosophical Society in America since March 2000.
