The Super-Sensory Powers

In this lecture, Cristo will provide an overview of the super-sensory powers. Cristo will talk about the inner and outer man, and draw analogies between the sense organs of the physical body and the subtle sense organ located in the subtle body. Cristo will discuss the parallels between the development of the chakras and the development of the super-sensory powers. Cristo will go on to discuss the natural development of the super-sensory powers through our social and occupational environments as well as the intentional cultivation of the powers through meditation practices.

BIO: Cristo Bowers is considered by many to be one of the most relevant teachers and clairvoyants of our time. At the age of sixteen, Cristo had an out of body experience which led him on a spiritual quest to understand reality. He discovered Theosophy, and he began to practice meditation. Nine years later, Cristo experienced the spontaneous opening of his intuition and later, clairvoyance. Today, Cristo used his intuitive and clairvoyant abilities to study the super physical planes of matter as well as the evolution of consciousness.

The Houston Theosophical Community welcomes **Cristo Bowers** on Saturday, September 19, 2020

Hosted online by Houston Lodge Theosophical Society from 10:00 – 3:00 P.M.

Session 1 (10-11:45 A.M.) The 1st, 2nd and 3rd Logos

Is there really only one Logos – the One All-Ensoulng Light and Life of the Universe? Then what are the three Logos of which H.P. Blavatsky and the other Masters often use?

Cristo Bowers explains about the First Logos called the Unmanifested Logos, the Second Logos called the Manifested Logos, and the Third Logos referred to as the Seven Rays.

Session 2 (1:15-3 P.M.) The Development of the Chakras

What are the seven Chakras, how do you develop them and what are the dangers of premature awakening?

The word Chakra is Sanskrit and it signifies a wheel. When a person begins to develop their senses, they may “see” a little more than what everybody else “sees”.
